- **1996-2003:** Member, General Music Committee, The Church of Jesus Christ of Latter-day Saints

Performance Awards

- **1973:** de Jong Organ Award, Brigham Young University Department of Music

II. Library Science Experience

University of Nebraska

Lincoln, NE (Assistant Professor, August 1977-December 1983)

- Music cataloger (1977-81); also cataloged Japanese, Asian studies, philosophy, religion, computer science, & psychology).
- Online Cataloging Supervisor (1981-83); supervised 11 paraprofessional staff.
- NEBASE representative to Music OCLC Users Group (1979-82).
- Presented the NEBASE AACR² Workshop on OCLC Formats (1981).
- Tenure approved 1983.

Union College

Lincoln, NE (Cataloger, Fall 1982-December 1983, part-time)

- Participate in conversion of card catalog to machine-readable form, using OCLC (all subject areas, using DDC and AACR²)

Rochester Public Library

Rochester, MN (Cataloger, May 1984-July 1992, part-time)

- Original cataloging of “difficult and unusual” materials.
- Catalog audio and video cassettes, compact discs, and A/V materials on SELCO regional online catalog, with input from OCLC as needed.
- Catalog U.S. Census publications on online catalog.
- Catalog foreign language materials (Japanese, Chinese, German, French, Italian, Vietnamese)

III. Computer Science Experience

Employment

IBM Corporation

Rochester, MN (Junior/Associate/Sr. Associate/Staff Programmer, December 1983-July 1992)

- AS/400 Integration and Build Tools Team Leader (2 years).
- 370 (CMS, MVS), System/38, AS/400, OS/2, BSD, and AIX.
- NBSGet/Put/Sub networking tools for cross-compilation of System/36 on VM/370.
- Scripts for automating overnight cross-compilation of System/36, System/38 and AS/400 source code libraries on VM/370.
- First release of Integrated Development Support System (IDSS) source control library.
- CreateISDTape build tool to create customized stacked tape for OS/400 distribution.
- Port of The Integrated Reasoning Shell (TIRS) expert system from Unix to AS/400.

Rochester Community College

Rochester, MN (Adjunct Faculty, January-June 1992)

- Teach COMP 110 (Introduction to VAX and PC computers)
- Teach COMP 243 (Introduction to Programming and Problem Solving in C)

WordPerfect Corporation

Orem, UT (Senior Developer, August 1992-November 1995)

- Programming on VM/370, AS/400, Windows, Macintosh, Unix, Linux and NetWare, in C, C++ and Java.
- Menu-driven GUI for WordPerfect/400.
- Single-source for Windows, Mac and Unix.
- Filters (RTF, WinHelp, HTML), Japanization, debugging tools for QuickFinder Search.

(Note: Novell, Inc. purchased WordPerfect in June 1994.)

Ameritech Library Services

Provo, UT (Software Engineer, November 1995-March 1996)

- Object-oriented analysis and design of automated library systems

Novell, Inc.

Orem and Provo, UT (Software Engineer, March 1996-September 2000)

- Conversion of original QuickFinder to OLE PerfectOffice component using Unicode.
- NetWare Web Search (Web servlet-based version of QuickFinder)
- Web servlet-based administrative interface to NetWare Web Search

NTT/Verio

Orem, UT (Software Engineer, September 2000-January 2006)

- Perl scripts for maintenance of PersonalWeb shared hosting, solving Pine, FTP, and LDAP problems.
- Sendmail upgrades (versions 8.8.6 through 8.13.x) of FreeBSD and Solaris Virtual Private Servers (VPS), 400,000+ domains.
- Internationalization APIs for Apache, Qmail, and XML/XSLT-based web interfaces in C and Perl.
- Email optimization, authentication, encryption, spam and virus filtering, customization.
- Web analytics for VPS and Signature shared platforms.
- Scripts for distribution of software changes to VPS and Signature servers.

Lingotek

Provo, UT (Software Engineer, January 2006-July 2007)

- Design and implementation of Java servlet-based (Tomcat) language search engine for translators.
- Native format-to-XLIFF converters using Java and SAX (XML) parsers on Linux and other platforms.
- Current owner of the File2XLIFF4j project on SourceForce.net.
- Implementation of a document repository to store and serve translations in progress.

Perfect Search Corporation

Orem, UT (Senior Programming Engineer, July 2007-October 2008)

- Design and implementation of high speed indexing and search retrieval software, using C++ and Perl.
- Search verification and timing tools implemented with XML, XSLT, XHTML, Perl, OpenOffice.org, wget, xalan and xmllint.

Bluehost

Orem/Provo, UT (Senior Software Engineer, October 2008-October 2012, April 2015-May 2018)

- Modify/patch MySQL for statistics and throttling.
- Write Apache modules and Spam Hammer greylisting daemon for Exim.
- Perl programming of Skynet/Freeside and HAL.

BetterLinux

Provo/Orem, UT (Senior Developer, October 2010-April 2015) [Bluehost spinoff]

- Full stack programming
- Modify MySQL/MariaDB source code
- Write Apache modules
- Create cPanel backend hooks and web-based WHM plugins
- Use Linux, MySQL/MariaDB, cPanel, C, C++, Perl, HTML/CSS/YUI, Riak

iAppWriters, LLC

Orem, UT (CEO and programmer, November 2009-present)

- Write iOS and Android apps in German and English (7 apps in App/Play Store)
- Swift, Obj-C, Java, Kotlin, C, I18n/L10n, OOD/OOP, Unity-3d

Computer Skills

- XML programming with Java, Perl, SAX, DOM, XSL, xalan and xmllint
- Software internationalization (I18N) and localization (L10N), including Asian and CTL (Complex Text Layout, e.g. Arabic and Devanagari-based) languages.
- Advanced computer programming, data analysis and software development.
- Programming with regular expressions in Perl and Java.
- IBM mainframe/mini, FreeBSD/UNIX/Linux, PC/Windows, Mac OS/X and NetWare operating systems.
- Computer networking (TCP/IP, Windows, NetWare, wireless); CNE certification.
- Programming in REXX, C, C++, Java, Perl, C#. XML/XSL, XHTML, many others.
- SQL databases: MySQL, PostgreSQL, Oracle, SQL/VS, DB/2.
- Microsoft OLE, COM, and Compound Document technologies.
- E-mail (Sendmail, POP and IMAP) programming, configuration and customization.
- Web servers: Apache, Tomcat, WebSphere, IIS, Netscape.
- Development methodologies: structured programming, OOA/D/P, eXtreme/Agile, TDD, rapid prototyping, and Waterfall methods.
- Data collection, programming and development for 160,000+ page genealogical web site.

IV. Other

Foreign Languages

- Japanese (fluent listening, speaking; working reading, writing)
- German, Latin (working knowledge)
- French, Italian, Spanish (2nd year college level)
- Mandarin, Korean (1st year college level)
- Greek, Arabic (introductory level)
